How this ministry was successful in “equipping the local church” and/or “providing a connection for ministry”?

During this past year, we have been kept abreast of how our Bishop has been meeting and relating with different people and groups about “Imagine Indiana”, the joining of our two Conferences.

The quadrennial reports have been sent in and 63% of the 200 who were sent the questionnaire last year was compiled and sent to Jurisdictional. All reports from Bishop Mike, Janet Werle (SIC) and myself were received favorably. Frank Beard reported this as he serves on this committee.

Our committee meets twice a year, fall and spring, and we try to handle everything and have done very well. It is our wish for everyone to pray that if it is their will along with God’s for us to join as one Conference, then please vote for the one Conference “Imagine Indiana” when the Bishop calls for the vote at the 2008 Annual Conference.
