**MINISTRY DEVELOPMENT  
2008 INTEREST SHEET**

DATE: September 1, 2007  
TO: All Appointed Pastors  
FROM: District Superintendents

Please indicate below the courses listed in the 2008 catalog which are of interest to you and for which you would appreciate a nomination and registration card. As stated in my letter, this information, along with other data, will be considered as nominations are made at the MEF subsidized rate. **This form should be returned to your District Superintendent.** It will be helpful if you will mark the event(s) of priority interest with an "A" and those with next highest interest with a "B". (Please feel free to check more than one blank since participation available to each district is limited for some events). **A maximum number of four** nominations for overnight events are granted for any one minister at the subsidized rate. One-day events are unlimited. Requests for nominations for spouses may also be included on this form. Please remember that if you have an amount outstanding for past ministry development events, you and your spouse **are not** eligible for the subsidized rate until paid in full!
